**This year's event will feature lively conversations with senior management officials representing key government agencies, including Customs, FDA, and BIS. This will give the audience a recap of major import/export developments and issues headlining 2020 on trade facilitation and enforcement with a look ahead to regulatory trends and initiatives that will shape the global trade landscape in 2021 and beyond.**

Industry experts will also share their insights into hot topics setting the stage for another year of challenges in moving international trade forward in the time of Coronavirus, including discussions on the current shipping crisis regionally and globally.

Q & A sessions with industry specific topics and professionals are planned to allow for interactive discussions on the latest international trade developments.
