

The course is designed to guide you in managing your company's CTPAT certification and compliance.

The training is presented by supply chain security and CTPAT subject matter experts.

This program offers you opportunities to build in-depth knowledge, benchmark with trade industry peers, and discover strategies and solutions to help your company comply.

Even if you can't "attend", you'll receive 7-day playback viewing access shortly after the event's conclusion.

Approved for 5 CCS/MCS/CES/MES credits

Five more good reasons why you will want to attend this program...

Our subject matter experts are the best...period. We choose only professionals who have a proven track record of training effectiveness, professionalism and expertise. And what's more, they're exciting communicators who'll provide you real-time information.

We give you only the most important information. There is a lot of misinformation out there that could take you on the wrong or delayed path to compliance. In two fast-paced days, we will give you what we believe is the best, most critical material.

Practicality is emphasized. You will leave this training with specifics you can apply immediately. And you won't go back to your company empty-handed. You'll leave this workshop with a Certificate of Attendance, tons of information and material.

The value is unbeatable.

Our guarantee is straightforward and the very best in the industry. How can we be so confident? Because we have been working hard to make the workshop as comprehensive as possible.

Payment

You may pay by credit card (VISA, MasterCard or American Express) or wire transfer. Course registration is not official until full payment is received.

Cancellations

No refunds. You may transfer your registration to another course. In the event that SCSI must cancel a course, liability is limited to the course fee. In such circumstances, the customer has the option to attend an alternative available course.

Prerequisites

You must be an employee of a CTPAT certified company.
