Join over 3,000 Trade Professionals, Engineers, and Buyers who have already experienced and now recommend the world's most popular classification training.

ECCN/ ITAR 1-Day Classification Training

**Sept
7**

After this training, students will confidently be able to...

- Use a legally sound and proven step by step method to quickly and accurately classify in the USML and ECCN
- Understand the language and layout of the USML and ECCN
- Use notes, technical notes, definition of terms and other valuable resources to support your classifications.
- Correctly determine classifications under either the ECCN or USML
- Apply the catch and release rule to limit export controls
- Document and defend each classification using our Masters Method Defender Tool

HTS 2-Day Classification Training

**Sept
8-9**

After this training, all students will have the skill and confidence to...

- Use a legally sound and proven method to classify in the HTS with confidence and accuracy
- Correctly classify parts, complete articles, composite goods, and sets
- Quickly navigate the unique language and layout of the HTS
- Use section and chapter notes to achieve the most accurate HTS classifications
- Understand and apply the 13 most valuable resources to support your HTS classifications.
- Document and defend each classification using our Masters Method Defender Tool

**Bring the Masters Method
to your company!**
