

## Job Description

### Trade Auditor - (2200013D)

#### Description

##### Position Summary:

Trade Compliance is a critical part of our Corporate culture and we are seeking a high-energy Global Trade Compliance Auditor who will work cross-functionally with all Business Segments and functions to insure the company maintains legal and regulatory compliance. The Global Trade Compliance (GTC) Auditor's primary role is to ensure compliance with trade regulations applicable to imports and exports worldwide by conducting internal audits and assessments at company sites. In this role, you will guide our success by providing research, analysis and communication on trade-related topics to both internal and external customers. The GTC Auditor is involved in the compliance and guidance of the company's FTZ and In-bond Operations, which are an important competitive advantage to our customers. The Global Trade Compliance Team mitigates business risk by allowing the company to pursue international activities and meet financial targets while ensuring compliance with US and local trade laws and regulations, and the audit program is a key aspect of the company's trade compliance strategy.

##### Major responsibilities include:

- Conducts annual audits at assigned sites on a yearly basis. Ensures that Trade related activities are compliant and reviews processes, procedures, and documentation.
- Provides guidance to all sites and business segments on a variety of Trade topics related to compliance, regulations, imports, exports, and audits.
- Collaborates with the establishment of the company's FTZ. This role will coordinate with Logistics on FTZ initiatives at Regal Rexnord.
- Collaborates with distribution centers, sourcing, project management, procurement and other departments, to identify and develop opportunities for bonded warehouse operations.
- Contributes with HTS classification determination - Trade Compliance import, export, and FTA requirements are driven by the Harmonized Tariff Schedule classifications of finished products, parts, kits, and components.
- Collaborates in US Customs Entry reviews and assures that imports are properly declared, including duty payments, cost allocations, valuation, HTS codes, special duty programs, etc.
- Participates in the internal Post Entry Audit process
- Ensures compliance with U.S. OFAC, BIS, ITAR, and FTR regulations

## Qualifications

##### Required Education / Experience / Skills:

- Minimum of 5 years of trade compliance experience
- Bachelor's degree related field from accredited university or college (preferred)
- Experience with ECCN and HTS classifications
- Experience using Automated Customs Environment (ACE)
- Knowledge of current trade regulations
- Excellent written and communication skills in both English and Spanish. Additional languages preferred (Italian, Mandarin)
