

Full Job Description

COVID-19 continues to significantly impact our employees, families and communities. With employee health and safety as our top priority, and as a federal contractor, Lockheed Martin is taking action to address the increased risk and uncertainty COVID-19 variants pose in the workplace and ensuring we meet our commitments to national security.

To uphold safety for all employees, we will continue to request vaccination status for all Lockheed Martin employees including new hires. All current and newly hired employees are required to follow onsite safety measures based upon the COVID-19 Community Level at the specific work location.

Description:

Senior International Trade Compliance professional needed to join the Lockheed Martin Missiles and Fire Control Organization. The ideal candidate has experience with U.S. export laws and regulations, problem solver, Microsoft Suite savvy, excellent communication skills, is detail-oriented, and is self-directed with the ability to work with minimal supervision. Duties will be centered around developing/conducting export & import compliance training for internal customers; Assisting in internal audits to identify gaps and areas of improvements; Develop corrective actions to mitigate risk; Manage outreach activities to educate employees on U.S. Laws and Regulations as it pertains to export compliance; Develop and update ITC internal processes and

procedures, and participate in special projects centered around digital transformation and import/export application enhancements.

Occasional travel is necessary.

This is a full-time telecommuting opportunity. However, it is desired that the selected candidate currently live within 100 miles of Orlando, FL, Dallas, TX or Archbald, PA, in the event onsite collaboration becomes a business necessity.

Basic Qualifications:

- **Must have ability to obtain a Secret security clearance.**
- **Knowledge of the International Traffic in Arms Regulations (ITAR) and the Export Control Regulations (EAR)**
- **Knowledge of export/import practices and industry practices.**
- **Strong oral and written communication skills with an ability to communicate complicated issues (legal or technical) into easy to understand language.**
- **Experienced with solving complex problems using collaborative techniques.**
- **Flexible team player with ability to multi-task and work independently with demonstrated attention to detail.**

Desired Skills:

- **Service oriented mind-set**

- **Effective communicator**
- **Creative thinker**
- **Ability to assess training needs**
- **Team Oriented**
- **Drive to be life-long learner**
- **Problem solver**
- **Acute attention to detail**
- **Strong organizational and time management skills**
- **High energy, good interpersonal and presentation skills**
