

Foreign - Trade- Zone Software Implementation Specialist

Employees can work remotely

Full-time

Time Type: Full Time

Department: Services

Location: United States of America - Alabama

Company Description

QAD is building a world-class SaaS company, and we are growing. We are looking for talented individuals who want to join us on our mission to help solve relevant real-world problems in manufacturing and the supply chain.

QAD, Inc. has an immediate opening for a knowledgeable individual to assist QAD in implementing its Foreign-Trade Zone (FTZ) software. This individual will provide professional services to our customers for the implementation of our FTZ software in large manufacturing and distribution companies across a wide variety of industries.

Job Description

Where You Be Working:

This is a remote position. The only requirement is that the candidate must reside in the United States or a US Territory.

What you will be doing

You will be working directly with our customers' compliance and technical teams assisting in the implementation of QAD FTZ software. This will include interacting with our newly acquired customers, QAD FTZ software configuration, technical integration (running test files), training - working with the customers to develop process flows and procedures for their unique FTZ processing needs. You will work closely with the customers' FTZ consultant, as well as QAD's team of project managers and technical engineers that will assist and support you during the implementation process.

Qualifications

- 3-4+ years of experience implementing or administering FTZs
- First hand understanding of foreign-trade zone operations, and related processes
- Ability to work on multiple projects at once and deliver on-time results
- Have a working knowledge of logistics activities including import activities
- Excellent communication and interpersonal skills.
- The individual should be self motivated and be capable of working as part of a team, or alone, with little supervision.
- In-Depth experience using spreadsheets and Microsoft Word or Google Docs
- Proficiency with Microsoft Excel

Desired Experience

- Experience implementing FTZ systems. Understanding of flat-files and ability to validate relevant data
- Experience operating FTZ systems
- Experience with Import, ABI, or other import compliance systems

- Experience participating in the implementation of FTZ software or other import compliance system
- Experience implementing, data-mapping, integrating is a plus

Additional Information

- Your health and well being are important to us at QAD. We provide programs that help you strike a healthy work-life balance.
- Opportunity to join a growing business, launching into its next phase of expansion and transformation.
- Collaborative culture of smart and hard-working people who support one another to get the job done.
- An atmosphere of growth and opportunity, where idea-sharing is always prioritized over level or hierarchy.

COMPENSATION PACKAGE:

- Base pay range: \$80,000.00 - \$115,000.00 USD Annual (12 Months)
- Placement within our pay range will vary based on knowledge, skills, experience, and market location variations as well as internal peer equity
- This position is also eligible for an annual company performance bonus
- U.S. benefits package includes medical, dental and vision coverage, a 401(k) plan with company match, short-term and long-term disability coverage, life insurance, paid-time off, parental leave, and well-being programs

About QAD:

QAD Inc. is a leading provider of adaptive, cloud-based enterprise software and services for global manufacturing companies. Global manufacturers face ever-increasing disruption caused by technology-driven innovation and changing consumer preferences. In order to survive and thrive, manufacturers must be able to innovate and change business models at unprecedented rates of speed. QAD calls these companies Adaptive Manufacturing Enterprises. QAD solutions help customers in the automotive, life sciences, packaging, consumer products, food and

beverage, high tech and industrial manufacturing industries rapidly adapt to change and innovate for competitive advantage.

QAD is committed to ensuring that every employee feels they work in an environment that values their contributions, respects their unique perspectives and provides opportunities for growth regardless of background. QAD's DEI program is driving higher levels of diversity, equity and inclusion so that employees can bring their whole self to work.

We are an Equal Opportunity Employer and do not discriminate against any employee or applicant for employment because of race, color, sex, age, national origin, religion, sexual orientation, gender identity, status as a veteran, and basis of disability or any other federal, state or local protected class.
