

Logistics Coordinator – Global Operations (Based in South Dakota)

From South Dakota to São Paulo, Shanghai, and beyond — help us move the world.

At **Würth Electronics Midcom Inc.**, your work will keep innovation moving. As our **Logistics Coordinator**, you'll manage shipments across the Americas and around the globe — ensuring our electronic components get where they're needed, on time, every time.

You'll be the critical link between suppliers, carriers, and customers, making sure our supply chain runs smoothly and our clients can launch their products without delay.

What You'll Do

- Oversee shipments from start to finish — inbound, outbound, and everything in between.
- Work with international suppliers, freight forwarders, and internal teams to meet tight deadlines.
- Maintain compliance with international trade regulations and accurate shipping documentation.
- Analyze logistics data to find smarter, faster, more efficient ways to operate.

What Makes You a Great Fit

- Strong organizational and problem-solving skills.
- Clear communication with everyone from local carriers to overseas suppliers.
- Experience in logistics software and international shipping regulations.

What A Day Would Look Like

- Manage and assist with logistics/logistics questions for customers in the Americas.
- Facilitate rate quotes for special shipments in the Americas and globally.
- Audit logistics billing invoices.
- Generate, verify, update and manage HS codes.
- Confirm twice weekly truck deliveries of incoming good.
- Review, manage and update logistics processes.
- Be knowledgeable of global logistics, import and export processes.
- Support global customers to find solutions to keep parts moving.
- Monitor and fix import/export exceptions.
- Familiar with brokerage and customs processes.

Why You'll Love Working Here

- **Global exposure** – Manage shipments that span continents.
- **Impactful work** – Help bring new technology to life.
- **Collaborative culture** – Work in a supportive team backed by the Würth Group.
- **Career growth** – Expand your skills in logistics, trade, and supply chain strategy.

Bring your expertise. Bring your energy. Let's keep the world moving, together.
