SUMMARY OF QUALIFICATIONS

Analytical trade compliance professional with a background in valuation, classification (HTSUS), duty optimization, origin determinations, and FTA qualification. Skilled in managing end-to-end import compliance programs and partnering with cross-functional teams to ensure compliance while driving efficiency.

WORK EXPERIENCE

Associate, Trade & Customs, KPMG LLP

Jan 2024 - Sep 2025

- Led FSFE program for a major sports retailer, overseeing client management and achieving \$500k+ in annual duty savings.
- Conducted FSFE implementations and risk monitoring assessments for several clients spanning a multitude of industries.
- Oversaw development and management of a large-scale tariff modeling tool to evaluate clients' tariff exposure and forecast impacts.
- Accurately classified a range of products in accordance with the Harmonized Tariff Schedule (HTS), ensuring compliance with U.S. Customs regulations.
- Reviewed clients' import documentation to identify compliance gaps and reduce risk of CBP inquiries (CF28s).
- Assisted clients on FTA qualification, reviewing supplier documentation to support preferential duty claims.
- Prepared memos evaluating substantial transformation of goods for country of origin determinations.
- Handled ad-hoc import compliance queries, providing specialized guidance on complex regulatory requirements and leading practices to strengthen internal compliance programs.
- Supported new hires and interns as a Transition Coach, guiding their onboarding as they adapted to new roles.

Intern, Trade & Customs, KPMG LLP

Jun 2023 - Aug 2023

- Researched classification rulings and FDA product codes to support and draft memos for binding ruling requests.
- Assisted in conducting First Sale for Export assessments, preparing client deliverables and supporting recordkeeping processes.
- Classified parts for a large medical device company and contributed to maintaining a classification database.
